I SUMMARY

With a plethora of experience in the technology & startup scene, I help companies understand user's behavior & motivations beyond analytics. With a genuine empathetic personality, I translate findings to simple, beautiful & meaningful products beyond visuals.

I SKILLS & TOOLS

Design: Adobe Illustrator, Photoshop, InDesign, After Effects, Adobe Spark, Photography.

Prototyping: Invision App, Marvel App, & Sketch.

User Experience: Wireframes, User Flows, User Research, UI Kits & Patterns.

Web Development: HTML, CSS/Sass, Jquery & CMS platforms like WordPress, Squarespace & Google.

Marketing: Google Analytics, Adobe Analytics, MarketingCloud, Email & Social Media.

Languages: Spanish & English.

I EDUCATION

Coding Bootcamp: The Iron Yard, 2017, UI Design

College: Instituto de Tecnologia Industrial Rodolfo Loero Arismendi, 1996-1999, Tourism

Apprenticeship: Atelier de Artes Alezard, 1994-1995, Fashion Design

I EXPERIENCE

MARCH 2018 - PRESENT

WeaveUp, Web Content Manager

- Design & Develop full websites, web experiences and landing pages for clients.
- Manage company's Website, including design, branding & content.
- Implement social media & content for all of WeaveUp's marketing projects.
- Collaborate with B2B clients to implement content & products for their platforms.
- Cultivate & embody WeaveUp's brand voice.
- Create designs for digital textile printing.
- Disciplines include art direction, branding, front-end development, UI design, marketing, social media management, customer relations.

MARCH 2017 - MARCH 2018

Divi Resorts, Design Manager

- Lead a team of designers through all web-development and design projects including creative collateral like landing pages, email design, print projects & user experience.
- Conversion rate optimization duties like utilizing Google and Adobe Analytics to design & implement web-site improvements. Today, Divi's website sessions have increased 94% & bounce rates have decreased 61% due to these efforts.
- Disciplines include creative direction, branding, front-end development, digital strategy, user interface and responsive design.

FEBRUARY 2015 - JULY 2016

Spoonflower, Buyer, 2015-2016

- Involved in product development, user testing & monitoring.
- Created a tracking system for product lifecycle and inventory control for two international factories.
- Advised partners on product positioning, pricing & timelines.
- Negotiated an average savings of 5% on blanket orders.

FEBRUARY 2014 – FEBRUARY 2015

Spoonflower, Sr. Customer Service Advocate, 2014-2015

- My role was the first line of communication between customers and the company. Using feedback & findings to make improvement recommendations.
- Handled design, website & order issues by collaborating between various teams.
- In charge of Spoonflower's factory tours and assisted with events.
- Created informational material and blog posts for the marketing team.

AUGUST 2013 – FEBRUARY 2014

Spoonflower, Operations Team Member, 2013-2014

- Assisted with order fulfillment, from inspecting, cutting fabric, sublimating & shipping.

I FREELANCE
